

BEAM CONSOLIDATED G accessories™

Plastic Nail Plug

ISO 9001:2015
No.: 92200062

ISO 14001:2015
No.: 142200063

ISO 45001:2018
No.: 452200064

DESCRIPTION

The plastic nail plug is used to fix the Gframe™ metal profile on floors, masonry, and soffits. It is used for nonstructural elements, easy to install, and economical.

METHOD OF USE

- Drill a hole with the same diameter as the bolt but deeper in length.
- Tap the plastic nail into the hole.
- Tighten the screw.
